ABOUT THE PROGRAM

This unique, two-year rotational fellowship sits at the intersection of the federal government and the financial services industry. Director’s Financial Analysts are given the opportunity to hone analytical and problem solving skills while helping to make markets for consumer financial products work for Americans. Members of the Director’s Financial Analyst Program will experience diverse roles, responsibilities, and areas of expertise. As a result, in a short period of time, analysts will play an integral role in everything the CFPB does, from rigorous data-driven policy creation and market monitoring to on-site supervision of market participants.

All analysts will complete developmental rotations in offices throughout the CFPB. These rotations are designed to provide exposure to the analysis, strategy, research, education, policy development, supervision, enforcement, and rulemaking activities throughout the Bureau.

We are recruiting for positions that begin after the 2017-2018 academic year.

Previous Director’s Financial Analysts have used the program as a springboard to further their careers. Some graduates of the program have moved on to:

- Grad school (e.g. Yale, MIT, Columbia, Harvard)
- Private industry (e.g. Amazon, Uber, Wells Fargo)
- Public sector (e.g. Department of the Treasury, NY Fed, local government)

We will be on campus for an information session on September 28 and the Diversity Opportunities Fair on September 29. We hope to see some of your students there!

HOW TO APPLY

We are currently accepting resumes through our posting on the career center website. However, the formal application will be available here only during the following open application windows:

**Window 1: September 22 - September 26**

**Window 2: October 12 - October 16**

Please encourage interested students to reach out to me with any questions about the position or the application process at leah.kazar@cfpb.gov. Many thanks for your help!
