Prysm Group  
Position Title: Intern (Part-Time)  
Location: Any  
Start Date: Rolling

### **About Prysm Group**

Prysm Group is a global blockchain economics and governance advisory firm led by PhD-level, Harvard-trained economists. Prysm Group utilizes the tools of game theory, market design, social choice, and contract theory to provide advising to blockchain-based startups and enterprise projects. You can read about Prysm Group's team and work [here](#), [here](#), [here](#), and [here](#).

In addition to client work, Prysm Group engages in public speaking, writing, and academic research. Prysm Group economists regularly are featured at blockchain industry and academic events, including [SXSW](#), [Stanford Blockchain Conference](#), [ChIPs Global Summit](#), [CESC \(hosted by UC Berkeley\)](#), and more. Prysm Group economists have past or ongoing relationships with MIT and USC and lecture at NYU, Cornell Tech, Fordham, Columbia GSB (upcoming), and UCLA (upcoming).

### **Position Description**

Prysm Group seeks part-time interns for its economist team. Interns at Prysm Group will work directly with the firm's Founding Economists on research related to the economics of blockchain.

Projects will vary based on the team's needs and the skills and goals of the interns, but may include:

- Qualitative research on current and potential use cases of blockchain.
- Reviews of economics research applicable to blockchain.
- Synthesis of research findings both orally and in written reports.
- Compilation and analysis of blockchain-related data.

#### Position Logistics

- Minimum 10 hours / week, but can be more if mutually agreed
- Flexible location (Remote position)

#### Qualifications

- Current undergrad, BA, or graduate student in Economics, Computer Science, or related field
- Interest in blockchain and other disruptive technologies
- Data analysis / data science skills not required but can be utilized
