

**COURSES FROM OTHER DEPARTMENTS/SCHOOLS FOR WHICH EC CONCENTRATION
AND SECONDARY FIELD CREDIT WILL BE GRANTED**

NOTE: Courses require instructor approval. Some of these courses are intended for Master's students - beware the degree of difficulty! To ensure a **cross-registered** course counts towards the Ec concentration, students need to fill out a petition.¹

⁸ Starting with the academic year 2018-19, this course no longer counts as a theory pre-req.

⁹ Another version of this course is being offered, but it only meets 75 mins/week and is not taught by David Kane – that version does NOT earn economics concentration or secondary field credit.

¹⁰ Starting with the academic year 2018-19, this course no longer counts as a theory pre-req.

¹¹ In past semesters, the course allowed student to turn in an individual paper at the end of the semester, rather than a group project, for this class to count as the writing requirement. That opportunity appears no longer possible.

¹² Used to be Economics of Labor Market Policies, with George Borjas
